MOOT PROPOSITION

1. The Union of Abibi is a democratic republic with a unique history & culture and diverse population. Abibi is a country that occupies the greater part of Southern Islands. It is a constitutional republic consisting of 29 states each with a substantial degree of control over its own affairs and is the second most populous country in the world. Abibi functioned as a virtual self-contained political and cultural arena, which gave rise to a distinctive tradition that was associated primarily with Hinduism, the roots of which can largely be traced to the Himin Civilization. Abibi remains, till date, one of the world's most ethnically diverse country and is home to innumerable castes and tribes.
2. The Constitution of Abibi guarantees protection of life and personal liberty to one and all. It provides adequate safeguards to fundamental rights against arbitrary decisions. Religion forms a crucial aspect of identity for most Abibi citizens. Much of Abibi's history can be understood through the interplay among its diverse religious groups and one of the many religions born in Abibi is Hinduism, a collection of diverse doctrines, sects, and ways of life followed by the great majority of the population.
3. Adil Khan, a young boy, aged 21 years old from the State of Mohenjo, got an opportunity through a student exchange programme to study Law at National University of Abibi situated in Moba, Abibi for the academic year 2016-21. The state of Mohenjo is a lavish state in the Islamic Republic of Isbani.
4. Islamic Republic of Isbani is a populous and multi-ethnic country of Southern Islands. Having a predominantly Indo-Irania speaking population, Isbani has historically and culturally been associated with its neighbours Iran, Afghanistan, Isbani, and Abibi. Since Isbani and Abibi got independence in 1947, Isbani has been distinguished from its larger south-eastern neighbour by its overwhelmingly Muslim population (as opposed to the predominance of Hindus in Abibi). Isbani

has struggled throughout its existence to attain political stability and sustained social development.

5. Isbani was brought into being at the time of the partition of British Abibi, in response to the demands of Islamic nationalists; As articulated by the All Abibi Muslim League, Abibi's Muslims would receive just representation only in their own country. From independence until 1971, Isbani consisted of two regions—West Isbani, in the Indus River basin in the north-western portion of the Abibi subcontinent, and East Isbani, located more than 1,000 miles (1,600 km) to the east in the vast delta of the Ganges-Brahmaputra river system. In response to grave internal political problems that erupted in a civil war in the year 1971, East Isbani was proclaimed to be an independent country- Coglstan.
6. The Republic of Isbani shares a significant amount of history with the Republic of Abibi or it would be perfect to say as a matter of fact the Republic of Isbani was once a part of Abibi and separated from it in the year 1947. Since then both the countries have a very conflicting and complex relationships in terms of trade, military, territorial, etc.
7. Being a brilliant student and an aware social individual, he has opinions regarding the socio-legal problems of the world and so, he created an online blog on www.thebridge.com titled “MY RIGHTS MY VOICE” on 20 May 2019. He wrote several articles on Gender Discrimination, Child Labour, Child Marriage, Women and Child Trafficking etc. On 15 August 2019, he posted a very contentious, situational and reality-based blog in relation to exploitation, harassment and discrimination of Muslims because they are treated as minorities in the Republic of Abibi. The title of the article was “HERE DIED THE SOUL OF THE CONSTITUTION”.

The blog commented about several news & real time stories such as –

“A Muslim couple was accosted by two youths at a bus stop who assaulted the husband for not chanting ‘Ram-Ram’, disrobed the women and made obscene gestures.”

“A Muslim man who was reading Hindu Scriptures since 1979 was beaten up by his neighbours.”

“A Muslim driver transporting chicken, was alleged to be transporting beef by a group of people and lynched midway to death.”

“Two students of the same batch, having similar education credentials and skills applied for a job in an organisation having vacancy of two. After the interview only one got selected and as per later research of the organisation it was found that it did not have any Muslim employee.”

8. Adil, in his blog, highly criticised this behaviour against his community and targeted other religions especially Hinduism. He further contended that no substantial actions are being taken by the police department and the government in relation to these cases and questioned the “SECULARITY” of the Republic of Abibi. As per Adil the country has not only forgotten the real meaning of its Constitution but is also acting ignorant to these crimes. Feeling offended and helpless he rewrote the Preamble of the Constitution of Abibi which read as –

WE, THE PEOPLE OF ABIBI, having solemnly resolved to constitute Abibi into a **SOVEREIGN SOCIALIST DEMOCRATIC REPUBLIC** and to secure to all its citizens

JUSTICE, economic and political;

LIBERTY of belief, faith;

FRATERNITY assuring the unity and integrity of the Nation;

IN OUR CONSTITUENT ASSEMBLY this 26th day of November 1949,
HEREBY ADOPT, ENACT AND GIVE TO OURSELVES THIS
CONSTITUTION.

9. The blog went viral, merely in a week's time amongst all the well-known social media networks. Adil's article received traffic which he never received since the inception of his blog and the content of this article resulted in massive controversies. such controversies had a negative impact on Adil's social life as he received regular threats and felt unsafe outside the university campus.
10. Adil's blog acted as a spark to all the Muslims who were the sufferers of these acts of violence which in turn resulted in national level communal riots and aggression among the people. There were only two sides left in the country of Abibi - One who supported the Muslims of the country and asked for strict regulations against such kind of violence and others who were of the view that Adil has injured the sanctity of the constitution of Abibi by falsifying the written text, making misleading & ambiguous statements targeting only a particular community or religion.
11. One major communal riot was suffered by the city of Moba, Abibi on August 21, 2019 in which a mass tried to destroy one of the oldest temples of Shri Ram Chandra Bhagwan, leading to a clash between two groups which resulted in the death of 164 people and left 343 injured.
12. Seeing this amid unrest in various regions of the country, one of the major regions being the city of Moba, the Executive Magistrate of the Metropolitan issued a public order on August 23, 2019 under Section 144 of Criminal Procedure Code, 1973. Further considering the grave nature of Adil Khan's articles and their impact on the society, the Moba Police filed a FIR against Adil Khan dated August 24, 2019 under Section 124A of Indian Penal Code. On August 26, 2019 after receiving a Court Order for the arrest of Adil, the police arrived at the National University of Abibi to make the arrest but Adil was nowhere to be found in the university campus. After speaking to some of his friends, the Police received information that due to criticism and such unrest against him, he has shifted to his uncle's house two days ago in the village Kurchipuram of a nearby city Beht. Looking at the university attendance registers, the Police found that he has not attended any of his classes since 23th August 2019. Not satisfied with the statements of his friends, the Police continued the search for considerable evidence in relation to the whereabouts of

Adil. The Moba Police then went on to search his Hostel Room 1025.² The Police entered the room by breaking the lock and it smelt like a butcher-house however it was completely clean. After a preliminary search, the police found a dead body of a girl, naked and in a decomposed state. The body was sent for post-mortem.³

13. On the next day, Inspector Braj Tripathi was appointed as the Investigation Officer for the case and the FIR was amended with the charges under Section 300, 375 & 362 of Indian Penal Code. Later, on the same day Adil Khan was arrested from his uncle's house.

14. The case was heard by the Trial Court initially, the excerpts of which are given below: –

a. Prosecution:

“... the accused is not only guilty of Sedition under Section 124A of the Indian Penal Code but is also guilty of much more grave offences i.e. Murder, Rape & Abduction under Section 300, Section 375 & Section 362 respectively of the Indian Penal Code and I must say that I shall be wasting the time of the Court for establishing the accusations which are already well established through the evidences and testimonials presented herewith”

b. Defendant:

“... all the acquisitions made by the opposite counsel seems to be perfectly placed at their stand but I must contend that what my client did was an act merely exercising his fundamental rights provided by the Constitution of Abibi, 1950. Furthermore, the accusations of rape, murder & abduction are frivolous and it is merely an attempt to frame my client for the offences, which a man with such a character and

² **About the Hostel:** It is pertinent to note that no restrictions were placed on boys entering the girl's hostel and vice versa.

³ The girl's body could not be identified throughout the investigation and the Police failed to establish any relationship of the girl with Adil Khan except that of the body was found in Adil's room.

integrity could not have committed, to gain undue socio-political advantage of the situation....”

Hon’ble Court held that Adil is liable under Section 124A, 300, 362 & 375 of Indian Penal Code.

15. Adil then filed an appeal in the High Court of Moba, in which the Hon’ble High Court upheld the judgment pronounced by the Trial Court and dismissed the appeal. Now, Adil is filing an appeal in the Supreme Court of Abibi.
16. The judgment of the Hon’ble High Court as well as the internal circumstances of the Republic of Abibi made a huge impact on global reputation of Abibi. Various accusations are being made on the country’s administration and justice system across the globe by international state and non-state actors. Also, many of the countries, are trying to connect the dots to expose Abibi for violation of International Humanitarian Laws.
